Subject RE: Standard Brake Shoe and Foundry

Your are right. Jay Rich did the PA/SI. I guess since we looked under Standard Brake and the address was different (3200 West Pullen), we just didn't know and none of us was here at that time. We are discussing with the chief on what we might do next. I'll get back with you ASAP.

I wandering if this site is the same as Casting, USA on 3211 West Pullen st. Pine Bluff. PA/SI completed in 2000 and NFRAPed on 9/27/2000.

ARN000218798. Please advice. Thanks.
